47 baskets have been awarded over these 10 years and a Z machine that is used for freestyle. This will be used for demonstrations at events or for clinics, etc. Of the 47 baskets awarded, 35 of them went to non-tour courses. So the tour has given awards to these courses to help grow the sport both recreationally and for competitive players/courses. Awards are given out at the end of the year WI Disc Sports Board meeting in early December. If you have a project that you wish to have considered, please review the guidelines on this web page for instructions on how to submit your request. Thank you all for supporting disc sports in Wisconsin!
